

## Pathway for Effective Communication CB East Building Leadership

Partnering with our parents is one of many ways we work to fulfill our mission at CB East of inspiring the human spirit and creating opportunities for ALL students to be successful. Directing questions and/or concerns to the appropriate person(s) encourages greater collaboration and streamlines the process of answering questions, alleviating concerns, and ensuring that we are all “on the same page.” For example, parents with concerns about a student's academic achievement or behavior in class should contact the student's teacher and make an appointment to discuss the matter. The school counselor may also be helpful.

In the event that you were unable to resolve your question or concern at the classroom level, the chart below shows the various Leadership roles at CB East. Each administrator oversees various departments, and each department has an identified department leader. Thank you for your support and we look forward to partnering with you to support you and your child at CB East.
